

Let It All Bleed Out

Rob Zombie

{One time I saw her flip into a cab driver
Cut out her cancer with a rusty butter knife}

Bleed, bleed, bleed it out

Yeah, a rat on the scraps

The jaws to the fossil

Turn into conventional man, yeah

(Conventional man, yeah)

(Conventional man, yeah)

(Conventional man, yeah)

(Conventional man, yeah)

Persistence of the system

Accumulate collection like

A hype show on the surface

(On the surface)

(On the surface)

(On the surface)

(On the surface)

Let it all bleed out

(Bleed out)

High status freaks

Grandiose and screaming

I'm a Major, Prince, Squire and King, yeah

(Major, Prince, Squire and King, yeah)

(Squire and King, yeah)

(Squire and King, yeah)

Black tie appearance

Circus roles for nothing

All the odd ones leave 'em screaming

(Leave 'em screaming)

(Leave 'em screaming)

(Leave 'em screaming)

Let it all bleed out

(Bleed out)
Let it all, let it all
Let it all bleed out
Let it all, let it all
Let it all bleed out
Bleed, bleed, bleed it out, yeah
Bleed, bleed, bleed it out, yeah
Yeah, a rat on the scraps
The jaws to the fossil
Turn into conventional man, yeah
(Conventional man, yeah)
(Conventional man, yeah)
(Conventional man, yeah)
(Conventional man, yeah)
Persistence of the system
Accumulate collection like
A hype show on the surface
(On the surface)
(On the surface)
(On the surface)
(On the surface)
Let it all bleed out
(Bleed out)
Let it all bleed out
