Disintegration (Mike Luck Remix)

Monarchy

You and me
Hold our breath and count to three
I want so much
To give you my everythingDisintegration
Suffocation
My life is taken
AnnihilationSave my love for you
I'm saving my love for you
I save my love for you
I'm saving my love for youThere's a beating inside of me
Open up we can take it slowly
Let's dissolve our humanity
You found the beat of my heart my heart beatOh so free
Give in to you endlessly
Live for your touch
Never have I died so muchDisintegration
Suffocation
My life is taken
Annihilation
