My Angel

Stephen Stills

My angel there she goes
Where she comes from
Nobody knows
She came walkin' quiet as a bird, walkin' softly
With a good wordAnd who was I talkin' to
Soon I must see for myself
New love don't run away
I don't think you understand
How deeply you touch meMy angel callin' me soft and low
Love me gentle I've suffered and
Fallen so low
Can I try and love you best I can
Take good care of you be your manWho was I talkin' to
Soon she will see for herself
New love don't run away
I think she now understands
How deeply she touches me
