

# Crucify

## Soulidium

So long so long  
I dont know where to begin  
Im waiting, and waiting  
For all this shit to leave me  
So weak, not strong  
But I will find the strength to  
Its over, so over just listen closelyI said I  
Wont lay down and die  
As you crucify me  
Cause I know I  
Im not ready to die  
Not ready to die  
Im not ready toIm bleeding, Im bleeding  
The blade is sinking deeper  
Im dying, Im dying  
And you jus dont fucking care  
Im tired, so tired  
But I will find the strength to  
Its over, so over, just listen closelyI said I  
Wont lay down and die  
As you crucify me  
Cause I know I  
Im not ready toIm not ready to  
Fucking bleed for you  
Still not ready to  
Im not ready to die  
Ready to dieI said I  
Wont lay down and die  
As you crucify me  
Cause I know I  
Im not ready to die  
Not ready to die  
Im not ready to
