

# Too Late

JFA

You can't understand what we feel  
you can't understand what is real  
    tell us about our nazi games  
all you want is stupid famewe want to survive not destroy  
    too late too late you coagulate  
times running out on your pitiful state  
    your time ran out in 78  
    you say what we do is stupid  
    you say it's not the right way  
    then you say destroy authority  
    i'm sure no way  
    Frank Sue and Henry too  
don't act stupid I'm talking to you  
    you think you're the new way  
    but you're really yesterday
