Falling Sky

Red

Now it falls all around me
Did I think I could run away
Now it's coming to find me
This war that I deserve
Now it burns across this shattered earth
I lift my eyes to fireUnder a falling sky
Hopeless, there's nowhere to hide
The terror is real this time
Under a falling sky
I'm under, I'm under
A falling skyThere you are, so far away
Did you think I was fighting you
I only wanted to carry you so far away from here
The nightmare bleeds
The poison seeps
I hear you call
You're screaming, screamingUnder a falling sky
Hopeless, there's nowhere to hide
The terror is real this time
Under a falling sky
I'm under, I'm under
A falling sky
My fate it rains, it rains like cinders
The cadent drums, the war it comes
Growing thunder, terror, wonder
Falling, falling
It's falling, fallingUnder a falling sky
The terror is real this time
It's over now, it's over now
The terror is realI'm under, I'm under
A falling sky
Under a falling sky
I'm falling, I'm falling
The terror is real this time
I'm falling, I'm falling
Under a falling sky
I'm falling, I'm fallin
