

Black Widow

Kyuss

Give me now
Give me now
Give me now
Give me now
Give me now
Give me away Give me a fucking reason
A reason I should stay
Kill for business or for pleasure
Any way you choose
It doesn't matter how or why
'Cause either way you lose, yeah Give me now
Give me now
Give me now
Give me now
Give me now
Give me away Give me a fucking reason
A reason I should stay
Kill for business or for pleasure
Any way you choose
It doesn't matter how or why
'Cause either way you lose, yeah
Yeah
