

# No Matter Where We Go

Whitney

We'll make a living darlin', down the road  
Cause I've got you holding on to see where it goes  
So don't you feel lonely I want you to know I can take you out  
I wanna drive around  
With you with the windows down  
And we can run all night When I was walking around I couldn't see you alone  
I bought a trash heap two seat what did we know?  
So don't you feel lonely no matter where we go I wanna take you out  
I wanna drive around  
With you with the windows down  
And we can run all night
