

Love Is a Fast Song

Copeland

You don't have to be ashamed
'Cause you're a miracle through and through
Oh, and you don't have to be ashamed
Of the miracle inside of you What has love become?
It's not like we used to hear
In those old songs
And it's not like yours
What has love become? Oh, your love is in motion
And it's spinning me around, yeah
Oh, my heart is in motion
For the movement that's in you You should not be angry
If all she wants is your money
Oh, you should not be angry
'Cause all you want is her body What has love become?
It's not like we used to hear
In those old songs
And it's not like yours
What has love become? Oh, your love is a fast song
And I'm dancing 'cause I'm in love with you
Oh, my heart is in motion
For the rhythm inside you Oh, your love is a slow song
It's resounding through my world again
Oh, my heart is in motion
For the song inside of you Oh, your love is in motion
And it's spinning me around, yeah
Oh, your love is a fast song
And I'm dancing 'cause I'm in love with you Oh, your love is a slow song
It's resounding through my world again
Oh, my heart is in motion
For the song inside of you
