

Prescription

Mindless Self Indulgence

Doctor
Patient I'm the doctor, I'm the patient
Don't forget that, it's important
If ya love me, like I love me
Everybody will be sorry Well I don't need nothin' before the show
I don't need nothin', well that's not so
I need something before the show
Just a little something to make me GO!
Wow Woah Ohh
Ya kna-kna-know what I want?
Wow Woah Ohh
Ya kna-kna-know what I want? Give me more! Give me more!
Pretty please - a prescription
Give me more! Give me more!
Pretty please - a prescription I don't need no one screwin' up my fun
Over the counter, fill that prescription
I don't need no one screwin' up my fun
Over the counter, fill that prescription I'm the doctor, I'm the patient
Don't forget that, it's important
If ya love me, like I love me
Everybody will be sorry
Well I don't need nothin' before the show
I don't need nothin', well that's not so
I need something before the show
Just a little something to make me GO!
Wow Woah Ohh
Ya kna-kna-know what I want?
Wow Woah Ohh
Ya kna-kna-know what I want? Give me more! Give me more!
Pretty please - a prescription
Give me more! Give me more
Pretty please - a prescription I don't need no one screwin' up my fun
Over the counter, fill that prescription
I don't need no one screwin' up my fun
Turn down the bass and fill that prescription
