

Honky Tonk Groupie

[Codie Prevost](#)

Kicking up her boots, dancing in the front row
Her low rider jeans ride a little too low
The Fire in her eyes ignites when the lights go down
She's got my tour dates posted on her bedroom door
Well the miles are adding up on that old rust bucket Ford
She's out there turning' it on screamin', "Turn it up Loud".
Her every move's got me hypnotized
And I'm starting to realize That I'm in love with a Honky Tonk Groupie
She's kinda young I think her daddy might shoot me
I can't get enough of that Rhinestone cutie
Cause I'm in love in with a Honky Tonk Groupie
Up here on the stage the view sure is fine
That skin tight tube top messin' with my mind
It's everyday spring break and man that girls gone wild
She's got me tripping over every word
I wanna scream it out to the world
