

# Empire of One

## Jawbox

Empire of one (Empire of one)  
Misfortunate son (A kiss to the don)  
Auto-hypnotic lecture short-circuit (Holding court in a rented room)  
Condition chronic (Suspicious static)  
Mouth like a senator (Hung like a cheap suit)  
Sings like a salesman (Drunk on the audience) Empire of one (Empire of one)  
Respect to the don (Misfortunate son)  
Holding court (Sucks up to emcee)  
In a rented room (The one-ring circus)  
Puts a theory (Condition chronic)  
To the test on you (Mouth like a senator)  
One lucky audience (Sold on the salesmen) Lackluster hero  
Go back to zero Empire of one (Empire of one)  
The subjects are gone (Misfortunate son)  
Meager returns (Seated and burns)  
On a king's star-time charm (On a brown tar time-bomb)  
Doffs the crown (Bitter tonic)  
To stagger home (Tight like a tourniquet)  
Drunk on the obvious (Sings like a salesman) Empire of one (Empire of one)  
Misfortunate son (The suspects are gone)  
Auto-hypnotic lecture short-circuit (Auto-hypnotic lecture short-circuit)  
Condition chronic (Dons the crown to swagger alone)  
Tight like a tourniquet (Drunk on the obvious)  
Sings like a salesman Lackluster hero  
Go back to zero Trying to talk to (Past mouth and through you)  
Past mouth and through you (talk through to you) Lackluster hero  
Go back to zero
