Drive There Now!

The Almost

Winter days make me say
What the hey
Let's say what we needed to saySince way back when we sailed our inhibitions
Hold on tight 'cause this is so the truth
This is so the truthI love the way that we laugh until we cry
Dance until we die
I love the smile with which you look at me and say
Get ready for this, Aaron, get ready for thisI hope this gets you harder
I hope you act so much strongerAnd I imagined honestly
It gets you every time
That I want it to honestly
And think you're strongI love the way that we laugh until we cry
Dance until we die
I love the smile with which you look at me and say
Get ready for this, Aaron, get ready for thisI want you to remember me
When they tell you this is so insane, so insaneI love the way that we laugh until we cry
Dance until we die
I love the smile with which you look at me and say
Get ready for this, Aaron, get ready for this
