Take the Weight Off

Maxeen

mommy it hurts
need you touch
to take the weight offdaddy i'm broke
need your funds
to get me through thisi need a drink
maybe that'll
take the weight offdoctor i'm sad
psych degree
can take the weight offlove takes too long
but the sex
will get me through thischrist as a crutch
maybe that'll
take the weight offmommy i'm sad
need your touch to
take the weight offdaddy i'm broke
need your funds
get me through thissis fucks in cars
thinks that'll
take the weight offbrother is dead
cause he couldn't
take the weight offyou once shared your heart
thought the trust could
take the weight offtime is so strong
and the numbness
gets you through thissix billion souls
but no one to take the weight off
