Don't Tell Anyone

Jonas Brothers

I wrote this lyrics for you
All by myself
What makes you think I need you
Or anybody elseBut when you see me walkin'
Just starin' at my feet
'Cause I'm not all about you
I'm already completeI hope this doesn't make you cry
But I don't wanna make you mine
I told you for the millionth time
That I don't need you in my lifeBut you can see through me
How you get to me
You know I'm just a fraud
I'm just afraid, I feel the same
But don't tell anyone
Don't tell anyoneI woke up thinkin' of you
And that weirds me out
I try hard not to call you
But I can do withoutHearin' your voice sayin'
That I am on your mind
It wouldn't work to rush this
I'll come around in timeI hope that you can understand
Right now i don't know where I stand
I'd rather hide behind this walls
Pretendin' I don't care at allBut you can see through me
How you get to me
You know I'm just a fraud
I'm just afraid, I feel the same
But don't tell anyone
Don't tell anyoneLife keeps going on
The world keep spinnin' round
Can't we stop going in circles?
Am I afraid of what they'll say?
Or too confused to see you and meBut you can see through me
How you get to me
You know I'm just a fraud
I'm just afraid, I feel the same
But don't tell anyone
Don't tell anyoneBut you can see through me
How you get to me

You know I'm just a fraud
I'm just afraid, I feel the same
But don't tell anyone
Don't tell anyone
