

Stay Young, Get Stoned

White Sea

If you save stuff for growing up
All I wanna do get lost in my smoke,
Stay young, get stoned
Even if we're trying figure out
All I wanna do get lost in my smoke
Stay young, get stoned Always late, always faded
Get yourself, get yourself up
Still you wanna play, tell them wait in
Losing faith, losing for???
Happy people, I'm never sad
Hard things just wasting away
If you save stuff for growing up
All I wanna do get lost in my smoke,
Stay young, get stoned
Even if we're trying figure out
All I wanna do get lost in my smoke
Stay young, get stoned And I always had my changing???
I was gone, with the habit
Don't you feel sorry for me now
Happy people, I'm never sad
Hard things just wasting away
If you save stuff for growing up
All I wanna do get lost in my smoke,
Stay young, get stoned
Even if we're trying figure out
All I wanna do get lost in my smoke
Stay young, get stoned
