

# Take Me, I'll Follow You

Toni Gonzaga

Verse 1:

Tired of feeling all by myself  
Being so different from everyone else  
Somehow you knew i needed your help  
Be my friend forever

I never found my star in the night  
Building my dream was far from my sight  
You came along and i saw the light  
We'll be friends forever

Refrain:

I can't face the thought of you leaving  
So take me along  
I swear i'll be strong

Chorus

If you take me wherever you go  
I wanna learn the things that you know  
Now that you made me believe  
I want you to take me  
'cause i long to be  
Able to see the things that you see  
Know that whenever you do  
I'll follow you

Verse 2:

Somebody must have sent you to me  
What do i have you could possibly need  
All i can give is my guarantee  
We'll be friends forever

Refrain:

I can't face the thought of you leaving  
So take me along  
I swear i'll be strong  
When you take me wherever you go

Chrous:

I wanna learn the things that you know

Now that you made me believe  
I want you to take me  
'cause i long to be  
Able to see the things that you see  
Know that whenever you do  
I'll follow you

Bridge:

Teach me more with each passing hour  
By your side  
I'll follow you  
I know i would cover?  
Is it true that you have the power  
To capture this moment in time

Chorus:

Take me wherever you go  
I wanna learn the things that you know  
Now that you made me believe  
I want you to take me  
'cause i long to be  
Able to see the things that you see  
Know that whenever you do  
I'll follow you

Take me wherever you go  
I wanna learn the things that you know  
Now that you made me believe  
(i want you to take me...)  
I want you to take me...
