My Reality

Dommin

The day becomes to break
And the end so far away
as I'm laying in the bed that I have made
and not a dollar to my name
and I sleep enough to dream
as the minuites start to seem like hoursYeah, i don't want to think about it
because I face it everyday
and everywhere life keeps on reminding me
yeah, i don't want to think about it
because it's my reality
and i've got something more inside of me
I'm not one to complain
and there is no one I can blame
and I know there are a millon souls who might just feel the same
as I long for better days
it makes it hard for me to wait
but the troubles of the day erasecause' I don't want to think about it
because I face it everyday
and everywhere life keeps reminding me
yeah, i don't want to think about it
because it's my reality
and i've got something more inside of meThis is my escape, This is my escape, This is my escape, This is my escape.
don't want to think about it
because I face it everyday
and everywhere life keeps reminding me
yeah, i don't want to think about it
because it's my reality
and i've got something more inside of meThis is my escape, This is my escape, This is my escape.
