

# Monday

## The Living End

Monday, a day like no other  
Monday, was their last day  
Some say, life is a struggle  
Some say, life should be easy  
One day, in a peaceful village  
School day, in working Dunblane  
One man, could change their whole world  
One man, is all it took for  
No school today  
It's just a memory  
One mind gone wrong  
I don't wanna play on Monday  
I don't wanna play on Monday  
Pinned to my memory  
Not just another Monday  
It seems like such a lie  
Change of plans on a rainy day  
A new lesson to be learnt today  
Pack up your guns and your soldiers too  
Because one sick mind depends on you  
No school today  
It's just a memory  
One mind gone wrong  
I don't wanna play on Monday  
I don't wanna play on Monday  
Pinned to my memory  
Not just another Monday  
It seems like such a lie  
Lie, lie  
Playin' quietly  
Along came destiny  
No, I, I don't wanna play  
No school today  
It's just a memory  
One mind gone wrong  
I don't wanna play on Monday  
I don't wanna play on Monday  
Pinned to my memory  
Not just another Monday  
It seems like such a lie  
Monday, it seems like such a lie  
Monday, it's just a lie
