

Grimey

Flirta D

Yeah niggas, part four muh'fucker
Thugged out niggas
Neptunes, nigga what nigga
Violator, nigga what nigga
This shit is serious, type serious
Uh, uh uh, nigga what nigga
Uh, uh uh, nigga what nigga
Uh, uh uh, part four nigga
Yo, yo, yo
It's like fuck, it's King Tut jewelry, blind fury nigga
I smoke boogies, conspiracy theory
It's like I'm Malcolm, with just the X
These bitches swear they in love but it's just the X
Niggas act like, my coke ain't long in stress
Like I don't keep two shotguns under my chest
I flip, obsolete see I'm the king of the streets
And show muh'fuckers how to rhyme on Neptunes' beats
In Miami, Pun shoulda, won the Grammy
This year I'll bring the shit home to his family
Go 'head, and keep hatin', until you receive
Mad volts in your chest plate, hard to breathe
See you a hater like star and buc, nigga what
And fuck Tommy boy, you niggaz just suck
I'm the ultimate, gun on my dick, hoes swallow my spit
Wanna drink every bottle I sip
Nigga when that heat is bustin' off
And the ambulance come and rush you off
And the witness like, "We don't know dem boys"
Me and my niggaz goin' hey, hey, hey, hey hey hey
Then we resume, hangin' with stars
Then we live in fat houses and fat ass cars
Then we drive and scream, nigga fuck the law
Me and my niggaz goin' hey, hey, hey, hey hey hey
Yo, yo, I alternated with the greatest, upgraded my speech
We violator violatin', y'all niggaz capiche?
It's unsafe like late night on Orta beach
Drink some river ranches and get slurped at least
Let's have fun wit it, in the bridge my niggaz dunn wit it
Niggaz had hit records, but we done did it

Pop a collar; see them chicks they like to holla N.O.
You know them hoes already know they gotta swallow
 Money like Nutty Professor, fat as fuck
 Four gold albums; ain't none of it luck
 Brad Pitt, fight club shit, fuckin' you up
 Since you, seem so tense release the mutts
 I'm connected, the police release my cuffs
Call me Fillmore, naw nigga 'cause I'ma feel more
 Nigga this my year, you gonna feel nore
 Money we got it but still try and feel more
 Nigga when that heat, is bustin' off
 And the ambulance come and rush you off
 And the witness like, "We don't know dem boys"
Me and my niggaz goin' hey, hey, hey, hey hey hey
 Then we resume, hangin' with stars
 Then we live in fat houses and fat ass cars
 Then we drive and scream, nigga fuck the law
Me and my niggaz goin' hey, hey, hey, hey hey hey
 Type of niggarole, we must be dunns
 Toothbrush shanks and rusty guns
 Nigga get popped can't hush me son
 Sellin' everything 'til they cuff me dunn
 93 ac' fuck a range nigga
 Saliva at the mouth of your chain nigga
 Reynolds wrap, coke, and doo-rags
 Never cleanin' up, nigga screw that
You see we unbreakable, y'all niggaz is uncapable
 We 2G nigga we use gats that's untraceable
 Still smokin', and niggaz know how I do it
 Keep big shanks, shit'll cut in half your buick
 Just me and shorty, late night in the park
And gettin' so much brains I'm startin' to feel smart
 Off beelzebub, feelin' my love with cold heart
 See these fake niggaz, my fists'll break niggaz
We switchin' labels, now it's time to break niggaz
 We switchin' labels, now it's time to break niggaz
 Type of niggarole, we must be dunns
 Toothbrush shanks and rusty guns
 Nigga get popped can't hush me son
 Sellin' everything 'til they cuff me dunn
 93 ac' fuck a range nigga
 Saliva at the mouth of your chain nigga
 Reynolds wrap, coke, and doo-rags
 Never cleanin' up, nigga screw that
 Hey, hey, hey, hey hey hey

Nigga when that heat is bustin' off
And the ambulance come and rush you off
And the witness like, "We don't know dem boys"
Me and my niggaz goin' hey, hey, hey hey hey
Then we resume, hangin' with stars
Then we live in fat houses and fat ass cars
Then we drive and scream, nigga fuck the law
Me and my niggaz goin hey, hey, hey, hey hey hey
Violator, nigga what nigga
This shit is serious
Grimey
