

Tidal Wave

Young Liars

Tidal Wave

Crash away

Calm the beach

Day by day Don't ever ever ever ever ever ever fade away

Don't ever ever ever ever ever ever fade away Soak my feet

Call me in

Deep beneath

Crystal blue Plans we made

They never stay

Six months down

Plans are tight

Don't ever ever ever ever ever ever fade away

Ever ever ever ever ever ever fade away

Ever ever ever ever ever ever fade away

Ever ever ever ever ever ever fade away
