Hip Hops Alive (DatPiff Exclusive)

Lil B

That's just the way it is
Things'll never be the same
That's just the way it is
Aww yeahReal shit, real shit in the game
It's ya boy Lil BNow when i die go (?)
Show the people why the whole world love Lil B
Don't believe the hate just love yo' thoughts
Don't go to the grave when i finish work
My eyes see clear now my vision works
We all born great, starts at birth
Got more game when i found the Earth
Everybody wanna die when solutions work
Don't nobody show where they feelings hurt
I chose to be different i'm proud of it
Came right out the hood bounced back from it
Rock the whole world and i ain't have no budget
Now if you saying hip hop dead, that means you dead yourself
And i eat any rapper that prepare himself
I open up the coffin the stairs can help
Don't nobody tell your excuses
I came from the bottom this that gutta music
If you say that you love the streets, then you gotta love Lil B
I made rap for my family, people that love me even catch a grammy
Nobody handed me down a hand-me
Life not easy it's fine and dandy
Lotta people out here dying for nothing
Make sure you listen to my discussion
Keep the world on yo' back, and really gon' bring love back
Don't be scared of life, go love another human put down that knife
Everything gon' be alright
Life's too good let's party tonight
Lil B
