Never Mind

Joachim Spieth

Taking your eyes from my frame is a crime
Its not a game brake the law you'll do time
Locked in regret for the rest of your life
Are you ready or not, for me to rescue you tonight
I start making my way over to your side
Try to visualize what I want to materialize
You start lookin' at me like your amazed
Let me slowly pull the shades from your face
Hell nah
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind
Never mind
Blazing the trail from the floor to the bar
All the way there started handing me the cards
You on the wall dont you know who I are
You aint ready for this but I'm gunna hook you up tonight
I start making my way over to your side
Try to visualize what I want to materialize
You start lookin' at me like your amazed
Let me slowly pull the shades from your face
Hell nah
Never mind I aint fuckin wit him, I aint fuckin wit him

Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind
Never mind
Get your ass out on the floor. tell me what your waiting for
If you really want a shot. better show me what you got
Get your ass out on the floor. tell me what your waiting for
You ugly but your swaga's amazing
Get your ass out on the floor. tell me what your waiting for
If you really want a shot. better show me what you got
Get your ass out on the floor. tell me what your waiting for
You ugly as hell but your swaga's amazing

Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Never mind I aint fuckin wit him, I aint fuckin wit him
Thought you was all that, but I take it back
never mind
Thought you was all that, but I take it back
never mind
Thought you was all that, but I take it back
never mind
Thought you was all that, but I take it back
never mind.
