

Wrong Turn

TrancEye

And I'll wait here a while
Just long enough to be sure
That you didn't make a wrong turn
And I'll wait long enough
Maybe an hour or two
Before I decide it wasn't me, it was you
It wasn't me it was you
And I would like you to know
Although it seems sad to say
This was only the worst hour of my day
The worst hour of my day
How long has it been on your mind?
Do you think about it when we laugh?
I think that it's a big mistake
Because I think that we could make it last
Even if it's just for a while
I'll wait here for now
Just long enough to be sure
That you really wanna go through with this
'Cause I don't really wanna go through with this
Do you really wanna go through with this?
