

I Pray on Christmas

Dave Barnes

I pray on Christmas
That the Lord will see me through
I pray on Christmas
He'll show me what to do
I pray on Christmas
He'll help me understand
And I pray on Christmas
He'll take me by the hand
I pray on Christmas
That the sick will soon be strong
I pray on Christmas
The Lord will hear my song
I pray on Christmas
That God will lead the way
And I pray on Christmas
He'll get me through another day
I pray on Christmas
I pray on Christmas
I pray on Christmas
He'll get me through another day
I pray on Christmas
All our problems gonna be worked out
I pray on Christmas
God'll show us what love's about
I pray on Christmas
To do Your will each day
And I pray on Christmas
That I'll be with You in heaven some day
I pray on Christmas
I pray on Christmas
I pray on Christmas
He'll get me through another day
I pray on Christmas
Oh, the sick will soon be strong
I pray on Christmas
The Lord will hear my song
I pray on Christmas
That God will lead the way
And I pray I really pray on Christmas

He'll get me through another day
He'll get me through another day...
