

# Corozon D'Oro

## Rancid

Its over before it starts  
Oh dont you know  
Hold your marks and stand by  
Ready to go  
From london to new york, montreal, tokyo  
I see visions of her everywhere i go What have i become  
Now that im alone  
I just looking for a way of breaking through these walls  
I just looking for a place that i can call my home  
Is anybody out there got a soul  
I just looking for love, girl  
The girl with a heart of gold  
She over turns once again with her champagne taste  
She goes straight down the rat hole with her  
Total wrecklessness and a  
Tomorrow will come on through  
And i got nothing but a pain  
Nothing but a silhouette girl  
Met her in the darkness  
I say...What have i become  
Now that im all alone  
I just looking for a way of breaking through these walls  
I just looking for a place i can call my home  
Is anybody out there got a soul  
I just looking for love, girl  
The girl with a heart of gold  
Yeah I'm in the corner I start over  
I start the whole slate clean  
All the pain and heartache in all my years  
I was always to blame  
And I dream of this girl  
Yeah an angelical ghost  
I met her in my neighborhood  
I'm a downtown member?  
Don't let me be misunderstood  
Oh, I'm a downtown member?  
Don't let me be misunderstood Heart of gold! What have i become  
Now that im all alone  
I just looking for a way of breaking through these walls

I just looking for a place i can call my home  
Is anybody out there got a soul  
I just looking for love, girl  
The girl with a heart of gold
