My Enemy (Extended Mix) [feat. Julie Thompson]

Super8 & Tab

One day I will find you
And I'll finally know what I've been searching for
One day you will see me
Like no others looked upon this face beforeDreams
Beneath the surface there's a world that no one sees
A hideaway where I've got everything I needYou'll shine a light and I'll be brave enough to breathe
To believe to be freeYou fill these spaces
Your weakness strengthens these walls
Crawling out from the darkness
My enemy fallsMaking noise through the silence
Hearing your call
Crawling out of the darkness
My enemy fallsCrawling out of the darknessMy heart grows stronger
Piece by piece
Whole againMy heart grows stronger
Piece by piece
Whole againYou fill these spaces
Your weakness strengthens these walls
Crawling out from the darkness
My enemy fallsMaking noise through the silence
Hearing your call
Crawling out of the darkness
My enemy fallsCrawling out of the darkness
My enemy falls
Crawling out of the darkness
