Tiny Spark

Brendan Benson

I'm gonna push the button flick the switch today
But you got nothing I want, I got nothing to say
It's been 16 days since I seen your ass
Heading to the city you think your high classA harmonic generator, inter-modulator
Harmonic generator, inter-modulator
A harmonic generator, inter-modulator
Harmonic generator, inter-modulatorWearing next to nothing she's out of control
She likes to shake what she got from her head to her toe
She got big yellow eyes lighting up like Christmas
Turning tricks baby electric mistressA harmonic generator, inter-modulator
Harmonic generator, inter-modulator
A harmonic generator, inter-modulator
Harmonic generator, inter-modulatorA harmonic generator, inter-modulator
Harmonic generator, inter-modulator
A harmonic generator, inter-modulator
Harmonic generator, inter-modulatorCome on let's shake it down
To a Harmonic that Generator
Here we go I said
Yeah, [Incomprehensible] yeahA harmonic generator, inter-modulator
Harmonic generator, inter-modulator
A harmonic generator, inter-modulator
Harmonic generator, inter-modulator
Well I knowA harmonic generator, inter-modulator
A harmonic generator, inter-modulator
A harmonic generator, inter-modulator
A harmonic generator, inter-modulator yeah
