Midnight Skies

The Perishers

Lynn, feels like I'm losing you
My faith is weak when we're far apart
There's just one thing that can save
This restless mind and my heavy heart
Won't you please help me over land and sea?Light up these midnight skies
Light my way tonight
Two of you can do
To help me get to youI think you've heard me say
My hands are cold but my heart's on fire
Fear has always held me down
Been on my knees now I'm aiming higher
Won't you please guide me over land and sea?Light up these midnight skies
Light my way tonight
Two of you can do
To help me get to you, oh, alright
