

All the Time

Bahamas

I got all the time in the world
Don't you want some of that?
I got all the time in the world
Don't you want some of that?
Don't you want some of that?
I would if I were you

I had all the time in the world
You want it none of that
I had all the time in the world
You want it none of that
You want it none of that
I would if I were you

Put my work in front of my girl
There's something with that
Put my work in front of my girl
There's something wrong with that
Something really, really wrong with that
I know this to be true
