Easy Life

Cover Drive

She don't really care, she's feeling good tonight.
The drink in her hand only make her fly.
She's the Queen Bee, what if she close her eyes.She don't find love, she finds a friend to fix her appetite.
She don't find happiness, just counterfeit most of the time.The world at her feet but she kicks it away.
Word on the street is she just wants to play, oh.
She found her true delight, now all she wants is the easy life.Having ball, wasting away.
Living life loud is her sweet escape.
Smile on her face that won't reach her eyes.
That's what you get when you're living the life.She don't really care, she feeling good tonight.
The drink only make her fly.
She's the queen bee, what if she close her eyes.
Legend in her own mind.But watch it honey.
It's gonna hit you when you want somebody.
To come and threat you, like you're worth more than money.
So you gotta let it go, oh whoa oh oh oh.She keeps her sanity, by celebrating vanity.
Her reality is up by 12 and drinks by 3.The flash of the day, yeah it has such appeal.
The more that she gets, so the better she feels, oh.
She found her true delight but all she wants is the easy life.Having ball, wasting away.
Living life loud is her sweet escape.
Smile on her face that won't reach her eyes.
That's what you get when you're living the life.She don't really care, she feeling good tonight.
The drink only make her fly.
She's the queen bee, what if she close her eyes.
Legend in her own mind.But watch it honey.
It's gonna hit you when you want somebody.
To come and threat you, like you're worth more than money.
So you gotta let it go, oh whoa oh oh oh.She was once a little girl, feel in love and lost her heart.
Now she's trying to face the world and its hard.
She was once a little girl, did an audition for this part.
Now she's trying to face the world and its hard.She don't really care, she feeling good tonight.She don't really care, she feeling good tonight.
The drink only make her fly.
She's the queen bee, what if she close her eyes.
Legend in her own mind.But watch it honey.
It's gonna hit you when you want somebody.
To come and threat you, like you're worth more than money.
So you gotta let it go, oh whoa oh oh oh.Go watch it, honey
(She don't really care, she's feeling good tonight)
He gonna hit you when you want somebody

(She's the queen bee, what if she close her eyes)
So you gotta let it go oh oh oh, whoa oh oh oh
