

# This Time

## John Legend

Ran into you yesterday  
Memories rushed through my brain  
It's starting to hit me, now you're not with me  
I realized I made a mistake I thought that I needed some space  
But I just let love go to waste  
It's so crystal clear now that I need you here now  
I got to get you back today This time I want it all, this time I want it all  
Showing you all the cards, giving you all my heart  
This time I'll take the chance, this time I'll be your man  
I can be all you need, this time it's all of me I hit the bar every night  
Looking to score a good time  
It's not like I planned it, I'm left empty handed  
'Cause I'm still alone in my mind Now what will it take to feel right  
Can I come see you tonight?  
Is there someone new now, what can I do now?  
'Cause I need you back by my side This time I want it all, this time I want it all  
I'm showing you all the cards, giving you all my heart  
This time I'll take the chance, this time I'll be your man  
I can be all you need, this time is all of me Last time I wasn't sure, this time I will give you more  
I'm more mature, I'll show you  
Last time I didn't know, I messed up and let you go  
I need you, don't say no Lying alone in this room  
All that is missing is you  
Pick up the phone  
Won't you come home? This time I want it all, this time I want it all  
I'm showing you all the cards, giving you all my heart  
This time I'll take the chance, this time I'll be your man  
I can be all you need, this time is all of me, all of me, yeah
