Redemption

Common Children

Hey, all you people out there
The sun is burning colder
Keep a light on if you're scared
The night is almost overThere will be laughter
When the morning falls on our face
We will be captured
And these chains will melt awaySo hey, all you angels out there
Forgive me when I forget you
There's a light I hope we share
There are moments when I feel youWell, I hope you listen
To the songs the wounded sing
The sound of redemption
In this broken offeringHallelujah, Hallelujah, Hallelujah
Hallelujah, Hallelujah, Hallelujah
Hallelujah, Hallelujah, Hallelujah
Hallelujah, Hallelujah, HallelujahThere will be laughter
(Hallelujah, Hallelujah)
The sound of redemption
(Hallelujah)I hear the laughter in the songs the wounded sing
(Hallelujah, Hallelujah)
The sound of redemption in this broken offering
(Hallelujah)
