

Rabies

Amebix

Well I'm so sick
I'm sicker than you
 Closing walls
 What can I do
Well I'm so sick
I'm sicker than you
 Closing walls
 What can I do
 And I feel them
 in my mind
 And I feel them
 All the time
Maybe they'll feed on enemies
 Save me from your rabies
 and someday you'll have to face me
and there'll be no protection against me
 Well I'm tasting you
 you're tasting me
I'm taking pleasure in the enemy

 And I feel them
 in my mind
 And I feel them
 All the time
Maybe they'll feed on enemies
 save me from your rabies
 and someday you'll have to face me
and there'll be no protection against me
 And I feel them
 in my mind
 and i feel them
 all the time
 all the time
 I feel them
there'll be no protection against me
Maybe they'll feed on enemies
 Save me from your rabies
 and someday you'll have to face me
there'll be no protection against me
