

Is There Anybody There

Milk 'n Blues

I'm
I'm alone at home
Can't see no one
Can't see no one
I'm
I'm alone at home
Bored to the bone
Could use a phone
'Cause all those people are getting crazy
They don't know my parents out
My family, the people that I no longer know

Is there anybody there? (is there anybody there?)
Is there anybody there? (is there anybody there?)
Is there anybody there? (is there anybody here?)
Is there anybody...?

I am going blind
Did you turn off the lights?
I am going blind
It's all dark
It's all dark in my mind

- Harmonica Solo -

I'm
I'm alone at home
Can't see no one
Can't see no one
I'm
I'm alone at home
There's a knock on my door
Can't take no more
'Cause all those people are getting crazy
They don't know my parents out
My family, the people that I don't wanna know
Is there anybody there? (is there anybody there?)
Is anybody in there?
Is there anybody there? (is there anybody?)

Is there anybody...?

I am going blind
Did you turn off the lights?
I am going blind
It's all dark
It's all dark

I am going blind
Did you turn off the lights?
I am going blind
It's all dark
It's all dark in my mind

It's all dark
It's all dark
