

Step Into the Light

Darren Hayes

I have turned away from you and I am Godless.
A wasteland of poison.
A hidden fortress.
I have blackened out the stars and hidden frequencies.
I have silenced all the waves and forbidden secrecies.

To step into your light.
This dog doesn't bite you know.
I just want to be your friend.
You know I've never been in love before.
I've never been in love before.

There is nothing of you now.
No ghost.
No not a trace.
No flower not a seed nor perfume in your place.
I have searched amidst a barren plane of emptiness.
And I am worthless.
It is futile.
You're invisible.
I am infantile.

Step into the light y'all.
This dog doesn't bite y'all.
Just wanna be your friend.
You know I've never been in love before.
I've never been in love before.
I have murdered the divine in me.
Set the Godness free.
I have squandered it all.
I am less than the sum.
I am parts of a hole.
There is something missing.
There is something I stole.

Why've you forsaken me?
Where do you hide?
I feel the betrayal.
It simmers it blisters.
It digs down and burrows deeper inside.

The more than I try I cannot deny it.

It feels like.

It feels like.

It feels like Iâ€™ve never been in love before.

It feels like.

It feels like.

It feels like love.

Step into the light yâ€™all.

This dog doesnâ€™t bite yâ€™all.

Just wanna be your friend.

You know that Iâ€™ve never been in love before.

So step into the light yâ€™all.

You know this dog doesnâ€™t bite yâ€™all.

Take hold of my hand.

You know that Iâ€™ve never been in love before.
