

# I Saw Her

## Flamin' Groovies

I saw her as she came and went  
And she was queenly, meek and mild  
As innocent as any child  
A flower among flowers  
Among her flowers content I dream again and in her place  
A silence and an empty room  
And in my heart a sudden gloom  
That I no more may see her  
No more may see her face  
There was a word I might have said  
But what it was I do not know  
I let my times pass me by, oh  
Now I must say it to her  
Must say it to her dead
