MOTHER'S LOVE
BY THE GOSPEL FOUR

There ain't nothing that I've found to be like mothers love (REPEAT)

Lead: Her love is deep than any ocean spread wider than any sea and whenever I get in trouble mothers love
come see about me.

There ain't nothing that I've found to be like mothers love
There ain't nothing that I've found to be like mothers love

Lead: I can still see her smiling face hear her sing gods amazing grace, that ain't all; I can still sleep in mother's
bed sit down and eat my darling mother bread. Tell you

There ain't nothing that I've found to be like mothers love

There ain't nothing that I've found to be like mother's love (over and over while lead goes in to impromptu)

Lead: Want find nothing like mothers love
Can't find no love like mothers love
As a matter a fact nobody will treat me like mothers love
Like my mother's love nobody will wake me up early in the morning
Like mothers love

There ain't nothing that I've found to be like mothers love
There ain't nothing that I've found to be like mothers love
