Pass Through Me

Lola's Riot

Sinking my two hands in deep
I see you smiling back at me
My heart explodes, Iâ€™m feeling naked, turn again in me

Your books, your eyes, your weed
Smoking through curtains and sheets
Mixed with blood, with love, with witchcraft and me
All the lies you gave me for peace
Kept me in the dark dreaming
Now I have lost, you are gone, I am hiding still

Trying to mask the truth behind
All the skeletons youâ€™re keeping inside
WonÂ´t work today
WonÂ´t stand the time
WonÂ´t last in our afterlife

Iâ€™m sorry for every fake tear I cried
Please stop looking past my blurred eyes
I swear you now the life that comes itâ€™s just
A blink away for us

Pass through me
Pass through me
Pass through me
Pass through me

Take my hand and run with me
Into the forest, to the talking tree
WeÂ´ll break all spells, stop time, make love to the universe

Come destroy the laws of gravity
Breathe underwater, dance with clouds and winds
Weâ€™ll explode in ten thousand pieces to find us again reunited
In love when we return
