

# Civilization Collapse

## Kreator

Let there be darkness  
Let there be blood tonight  
Let there be riots  
Come start the fires tonight  
Can't you see, our people have got no choice  
But to fight them back  
Can't you see, the change of consciousness  
Demands a total attack  
Total attack  
Total... attack!  
Finally they're swarming in a long forgotten youth  
The cause of inequality, a paradise for few  
Superior, inferior, a vast insanity  
When justice is tyranny  
Anarchy is breaking out, destruction marks it's way  
Burning temples turning into dark crypts of decay  
The mighty are the fallen now, the weak are on the hunt  
Battle on many fronts  
There will be darkness  
There will be blood tonight  
Now let the riots begin  
Convulsed by protest  
And civilization collapse  
Monumental terror spreading like a pestilence  
From suburbs to the center of colossal arrogance  
Cascade of aggression merely harvest seeds of hate  
Storming the barricades  
Cities of inception burn into the ashes in one night  
Imperators crying at this grand historic sight  
Entering a death spiral, tonight they see their fate  
Doomed to reincarnate  
There will be darkness  
There will be blood tonight  
So let the riots begin  
A social unrest  
And civilization collapse
