

Can't Live It Down

Dierks Bentley

I've been called a Rambler
'Cause I keep my eyes on that horizon line
And I've been called a gambler
'Cause I always wanna let my winnings ride
I've been broke more times than I can count
I've been stuck for days in a lonely town
When my luck ran south[Chorus]
Hey, I might be makin' me a reputation
Of goin' my own way, and
I can't live it down
Got the throttle wide open gonna live it up knowin'
In this life you only
Get one go around
And I can't live it down There's times I've wasted money
'Cause I know that I can always make more cash
But wasted time is something, man
When it's gone, you can't get it back
So I'll go on burnin' up both ends
'Cause I don't want a whole lot of might've beens
Now that would be a sin[Chorus] Gonna live for a place I ain't been
Make a lot of good remember-whens
Right up to the end[Chorus] I can't live it down
I can't live it down
