Never Surrender

Agent Steel

They spit in your eye
You'll never retreat...
You resist their attack
We await the command...
Together we stand
With mace In our hands...
The comet burns bright...
The Age is at hand...They'll kidnap your child
Dishonor your creed...
You're clenching your fists
Your hammer's up high...
I'll finish the war
And even the score...
Barbaric approach
Their intent to destroy...
Sweat drips from your
Their kiss of JudasDON'T GIVE IN NEVER SURRENDER
DON'T GIVE IN NEVER SURRENDERAs Orion burns
All Race and Planets collide
Through vengeance Command
The troops drawing near...
As destiny stands
The tactics are clear
Relinquish the fear
The conquest is near...
The comet burns bright
The Age is at hand...DON'T GIVE IN NEVER SURRENDER
DON'T GIVE IN NEVER SURRENDERThey spit in your eye
You'll never retreat...
You resist their attack
We await the command...
Together we stand
With mace in our hands...
The comet burns bright...
The Age is at hand...
