Satisfied

The Walls Group

[CHORUS]
If I never get that house, that car
Or be a superstar
And my dreams never come true
Will I be satisfied with you?
And if no one ever knows my name
And my gifts don't bring me fame
If everything that I have someday I lose
Will I be satisfied with you?Don't get me wrong, it'd be nice to have nice things
And, everybody loves the love
That all those nice things bring
But, when the lights turn out
It's just me and you
When you, ask me to choose then
What will I do?
See, if I gain the world then I lose my soul
Who'll stick by my side when my years grow old
So, It's not easy but when I think of you
I want to be satisfied with you[CHORUS]It's so easy to think money changes everything
But when all the money's gone
Will I still be happy?
How much did it cost me searching for celebrity
Did it, cost me my life?
Was it, worth the price?
I, I've been searching for so long for something real
Something deeper than what I see and feel
(What I feel)
Took me a while now my search is through
Jesus I'll be satisfied with you[CHORUS]Satisfied with you...
You...
Jesus I want you...
All I want
When I close my eyes
Will I be right by your side?
Standing face to face finally
Will you be satisfied with me?[CHORUS]
Satisfied with you
Satisfied with you...
