This Is More

New Buffalo

This Is More(About Last Night EP)This is all I remember
One night's dating back through DecemberGolden moon in your eyes
I'm under water
Such a surpriseThis is more
Than desire
I feel all
Like I'm higher
Than before
This is moreYou're on stage in a different town
And the press say that they want some moreYou deserve the award
I'm under water
Such a surpriseThis is more
Than desire
I feel all
Like I'm higher
Than before
This is moreThis is more
Than desire
I feel all
Like I'm higher
Than before
This is more
