This Is More( About Last Night EP )This is all I remember  
One night's dating back through DecemberGolden moon in your eyes  
I'm under water  
Such a surpriseThis is more  
Than desire  
I feel all  
Like I'm higher  
Than before  
This is moreYou're on stage in a different town  
And the press say that they want some moreYou deserve the award  
I'm under water  
Such a surpriseThis is more  
Than desire  
I feel all  
Like I'm higher  
Than before  
This is moreThis is more  
Than desire  
I feel all  
Like I'm higher  
Than before  
This is more
