Lady Starlight

The Sweet

ScottLooking for starlight
The lady made it allright
She was the lady
And I knew right from the start
Sweet lady starlight
Come on and make it tonight
You turn it on so easy
And the lady is my lady starlightSing the song should be sung
And love can be the voice
The tears in my eyes
I'm crying tears of joy
When you say I'm your boy
Looking for starlight
The lady made it allright
She was the lady
And I knew right from the start
Sweet lady starlight
Come on and make it tonight
You turn it on so easy
And the lady is my lady starlightTime slips right on away
But why should I care
What people say
I will watch over lady starlight
Looking for starlightDance she dances a valley
And Rudi is the king
I laugh when she's happy
The power's in my hands
And I must be a man
Looking for starlight
The lady made it allright
She was the lady
And I knew right from the start
Sweet lady starlight
Come on and make it tonight
You turn it on so easy
And the lady is my lady starlight
Looking for starlight
