So Impossible

Dashboard Confessional

So she says, "Everyone's going to the party
Won't you come if I come with a friend for your friend?"
I'd be so pleased to see you
Out of the classroom wearing the smile that I'll bring you
I was hoping to learn a few things likeDo you, do you like dishing the dirt on the whole class
And talking the big smack and playing the fool?
And wearing all of the latest fashions or bucking the new trends
Wearing your old threads, if you like coffee in the evening?
These are a few things that I'd like to know, that I'd like to knowSo I say, "I've been scheduled to work but I'll call in
And my friend isn't busy, he'd be happy to join me
And maybe my friend and your friend
Will hit it off or maybe we will"I'm dying to know, do you, do you like dreaming of things
So impossible or only the practical
Or ever the wild or waiting through all your bad bad days
Just to end them with someone you care about?Or do you like making out
And long drives and brown eyes
And guys that just don't quite fit in?
Yeah, do you like them, so yes, I'll see you there
