What This Means to Me

I See Stars

Between you and me
I think it's really sad
How we're singing the same songs
Humming the same songs
Ooh, whoa, oh
Ooh, whoa, oh, oh
Don't you see what this means to meThese are the hard times here to inspire
Convenient how it always works out this way
The message you'll find, heart on a wire
It'll make you say, it'll make you sayOh my god, there must be something left to write
The two best words that sum up my whole life.This is the story of our lives
From the road we sit and watch it pass by
Is this the best use of my time?
Don't worry my love, everything's alright
I'd give just about anything
to know she's waiting for me
An eye for an eye, a dream for a dreamThe life that I am force fed
I'm scared of the road ahead
Have you listened to a word I've said?
The big picture is my dream is deadThese are the hard times here to inspire
Convenient how it always works out this way
The message you'll find, heart on a wire
Don't you see what this meansBetween you and me
I think it's really sad
How we're singing the same songs
Humming the same songs
Ooh, whoa, oh
Ooh, whoa, oh, oh
Don't you see what this means to me(I'd give just about anything to know she's waiting for me)
(An eye for an eye, a dream for a dream)It'll make you say oh god, why was I wrong.
I missed all the meaning while it was spelled out all along.
