

God Is My Refuge

Fred Hammond

God is our refuge and our Strength yeah
A very present help in times of trouble
Repeat Father I cry out to You
Because
I know You are listening I know You are listening
Father, (I need you)
Thought I could make it by myself My Spirit tender
Please come and refresh me
Give me the strength to try again There is nothing I needed more
Than Your precious love upon me
Everything I've been searching for
I find in You completely Lord, I need Your love,
I need Your Love
That's where I can find
All my HELP" Oh Oh oh! What can I compare to Your
great love? There's nothing else
I need Your Love Anybody know what I'm talking about
(Can't make it with You)
when My life is drifting ways of confusion,
when my heart is torn and overwhelmed. I'll call on the name of
the Alpha and Omega
for You are my Present, Present Help
(Back to Chorus...)
There is nothing I needed more... Yeah.... God is my refuge
and my Strength (Hallelujah)
God is my refuge
and my Strength (Hallelujah) A very present help in times of trouble
(REPEAT SEVERAL TIMES) Read more: [
