The Human Race

Spellbound

[Comprix / Owens]Can you help me, I'm drowning slowly
This world that I see, It's not the sameI look around me, and I see pain
Do I feel sorry, the answer, no I don't[Chorus:]
What have you done, look at this place
Who is to blame, the human raceMy mind it wonders, what's in the future
This place we live in, It's not the sameAll of these changes, who is to blame
Do I feel sorry, the answer, no I don't[Repeat chorus]
